

POWER-GEN Europe 2012

Day 1 - Tuesday 12 June

Tuesday 12 June	09:30 - 11:00	Joint Opening Keynote Session (Ground Floor - Room: Konrad-Adenauer-Saal)						
	12:30 - 14:00	Delegate Lunch						
		Track 1: Strategies for the European Power Industry Level 2 - Room: <i>Rheinsaal 3</i>	Track 2: Reducing the Carbon Footprint of Fossil Power Generation Level 2 - Room: <i>Rheinsaal 6</i>	Track 3: Gas Fired Power Technology Ground Floor - Room: <i>Konrad-Adenauer-Saal</i>	Track 4: Coal Firing, Biomass Combustion and Energy from Waste Level 2 - Room: <i>Rheinsaal 5</i>	Track 5: Electrical, Instrumentation and Control Level 2 - Room: <i>Rheinsaal 1</i>	Track 6: Refurbishment, Operation, Maintenance and Optimization Level 2 - Room: <i>D</i>	Integration Track Level 2 - Room: <i>Rheinsaal 2</i>
	Session 1 14:00 - 15:30	European Strategies	Strategic Overview of CCS	Advances in Flexibility Generation I	Air Pollution Control I	Generators & Auxiliaries	Retrofits & Upgrades	Pathways to Integration
	15:30 - 16:00	Delegate Coffee Break						
	Session 2 16:00 - 17:30	New Build Strategies	Combined Heat & Power	Advances in Flexibility Generation II	Air Pollution Control II	Control Systems I	Flexibility Improvements	Integration Market Mechanisms
17:00 - 19:00	Opening Reception							

Day 2 - Wednesday 13 June

Wednesday 13 June	Session 3 9:00 - 10:30	No Coal, No Nuclear - Security of Supply?	Pre-Combustion Technologies for Zero Emission Plants	Plant Operation, Innovation and Optimization I	Biomass Combustion Experiences	Control Systems II	Maintenance Tools	Flexible Thermal 1 - Responding to Renewables
	10:30 - 11:00	Delegate Coffee Break						
	Session 4 11:00 - 12:30	Regional & National Power Strategies	Oxy Fuel Combustion Next Steps?	Plant Operation, Innovation and Optimization II	Co-Firing of Biomass & Waste	Plant Monitoring	O&M Management	Flexible Thermal 2 - Economic Solutions
	12:30 - 14:00	Delegate Lunch						
	14:00 - 15:30	Joint Plenary Panel Discussion - German Power Policy – Solution or Illusion? (Ground Floor - Room: Konrad-Adenauer-Saal)						
	Session 5 16:00 - 17:30	Winning the PR Battle	Post Combustion CCS Technology	Fuels, Combustion and Emissions	Large Coal Fired Power Stations	Online Optimization	Lifetime Optimization	Storage

Day 3 - Thursday 14 June

Thursday 14 June	Session 6 09:00 - 10:30	Power Generation in South Eastern Europe- Near Future	The Cost of CCS	HRSGs - Combined Cycle Plant Steam and Water	CFB Experience from Various Fuel Applications	Measurement & Emissions Control	Offline Diagnostics	Smart Grids
	10:30 - 11:00	Delegate Coffee Break						
	Session 7 11:00 - 12:30	The Role of the German Stadtwerke in Power Supply	New Concepts of CCS Technologies	Reciprocating Technology	Steam Turbines	Condition Monitoring	Plant & Equipment Monitoring	Infrastructure Management & Grid Development
	12:30 - 14:00	Delegate Lunch						
	15:00 - 16:00	Closing Reception & Best Paper Awards (Delegate Restaurant)
